Ralph Smith and Bennie Tryon passed through the city last night after having been in the city for some time. Smith, with the University of Vermont baseball team which suffered a defeat at the hands of Dartmouth yesterday afternoon by the score of 6 to 4. Up to the eighth inning U. V. M. retained the lead and held their opponents by one score, 3 to 2. Pitcher Kibbee then lost control of the ball and allowed several hits that reversed the tables.

The next most important event to the Memorial day exercises on Friday will be a baseball game at Goddard campus scheduled for 3 o'clock in the afternoon. Franklin, N. H., high school, one of the fastest high school baseball aggregations in New Hampshire, will endeavor to give the local school a defeat to even up matters, they having been defeated by Goddard two weeks ago. Quite an interesting contest is looked forward to by Coach Brackett of the seminary. This will be the only ball game in the city for that day.

Older residents of Barre will remember Martin Perkins, who lived here for a time around 30 years ago and married while here Lavinia Estabrook, daughter of Mrs. Roxana Estabrook of this city. Mr. and Mrs. Perkins moved not long ago from Hinsdale, N. H., to Clinton, Mass., where for the last two months Mr. Perkins had been in very poor health, but was given hope that an operation would relieve the condition, and so went to the hospital in Worcester, Mass., to undergo the same. It is understood that he never rallied after it was performed, his death occurring at the hospital. Mr. Perkins was about 65 years old and while living in Barre resided on South Main street. He was a carpenter and builder by trade.

ITALIANS OFFERING DELAYS

To Presentation of Peace Terms to Austria on Friday.

Paris, Tuesday, May 27 (By the Associated Press).—Although arrangements have been made to present the treaty to the Austrian delegation Friday noon, efforts by the peace conference to reach a decision relative to the southern boundaries of Austria have been delayed because of the position of the Italian delegation.

The Italians are linking questions regarding Austrian boundaries and the Dalmatian coast together, but the council of four hopes to have the Dalmatian problem postponed for subsequent settlement. Both the council of four and the council of ten had the southern boundaries in Austria under consideration to-day.

MONTPELIER

W. M. Miles of Barre Town has settled his account as guardian of Byron Blaisdell, a young man of that town, who has reached the age of 21 years, and Mr. Miles has been discharged as guardian. W. B. Clark of Waterbury has been appointed administrator of the estate of Helen Warren in place of J. O. Freeman, deceased. G. H. Robinson of Warren has been appointed administrator of the estate of Albert C. Murray, late of Warren. Maria Gobbi has been appointed guardian of Gino, Dalia and Jennie Gobbi, minor children living in Barre City. The hearing which was to have taken place to-day relative to the estate of James Reed, who died in Scotland, did not occur, owing to the fact that State's Attorney E. R. Davis could not be present. This involves funds which were in a bank over 20 years and unclaimed. It is ascertained there are heirs.

Montpelier seminary plays Proctor high school to-day in Montpelier in a state championship game, Proctor having laid claim to the honor and Montpelier having challenged them for the match.

Mrs. Mitchell Gosland of Lanesboro is visiting in Montpelier.

Judge S. R. Moulton of Burlington was in Montpelier yesterday.

Nine of the 50 persons who were over 80 years of age one year ago and who enjoyed the experience of having their pictures taken in a group last fall have died. Mrs. Angeline Gonyo, aged 102 years, who died yesterday, was the first woman to die. The eight men who have died are A. J. Howe, David Brown, Patrick Morrow, Edwin Lane, Edward Roleau, Prentiss Kent, George Wheeler and George Tromblie.

A conference took place Tuesday evening in the Pavilion in Montpelier which was attended by L. E. Smith, Jr., of Exeter, N. H., and Miss Elizabeth Ross, representing the New England division of the Red Cross, during which they explained to the members of the local organization about the work which it is planned to do. They made it plain that there is as much need of the work now as there has been in the last months only that there is not the rush about having it done. Those attending from Montpelier were Mrs. C. P. Barber, assistant county secretary; H. D. Hopkins, treasurer; Miss Florence Corry, president, and Rev. F. B. Leach of the local chapter.

S. W. Thayer and W. B. Wells have commenced work in the refinishing department of the H. J. Volholm store.

Dr. M. B. Hillegas was in St. Johnsbury yesterday on educational work and to-night speaks in Sheldon.

Lieut. W. M. Tenney went to his home this morning in St. Albans, after a couple of days' visit with Mr. and Mrs. H. T. Johnson. While here he reviewed some of the data in the adjutant general's office in connection with the men from his organization who were wounded and taken prisoners in France. Lieut. Tenney kept a diary while he was prisoner, which is interesting, in that he set down many facts connected with the experiences suffered while in a prison camp in Germany. He has pictures taken of officers who were with him and a picture of an officer's funeral. One of his associates died and the Germans gave him a full military funeral. One of the interesting things connected with the prison was that with others he assisted Willis and the other two men who escaped from the camp one night. The story of their exploit was given in the Boston Globe some weeks ago. Lieut. Tenney's part was the holding of the bottom of the rope ladder with which the prisoners escaped from the camp in the first movement. It will be recalled that five escaped; two were captured and three made their way to Switzerland and back to their organizations.

Ed. Goff Powers was arrested Tuesday afternoon by Officer E. D. Sloan on the charge of tramping. He pleaded guilty in Montpelier city court this morning and was sent to county jail while the court decided what sentence he would give the man. It appears that complaints were made that the man asked for money on the Red Arch bridge from the same party at different times Tuesday afternoon, which resulted in his arrest.

The deed of the sale of a house by Ellen Hinkley to Mr. and Mrs. J. C. Gillette has been filed in the city clerk's office; also of the deed of two lots of land from E. H. Deavitt, as trustee of the bankrupt estate of W. E. Poole, to Mr. and Mrs. Harry Wetmore on Kenup avenue. The Poole house has been advertised for sale to close the estate.
